Data on Exports

1884. SHRI S.S. AHLUWALIA: Will the Minister of COMMERCE be pleased to state:

(a) whether it is a fact that the Ministry of Commerce does not maintain State-wise data on exports;

(b) if so, the reasons therefor;

(c) how the exports from the States are monitored at the Central Level and the incentives given to the States for their exports in the absence of State-wise data, on exports; and

(d) the remedial action Government propose to take in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE (SHRI P. CHIDAMBARAM): (a) and (b) DGCI & S,

Calcutta which is then nodal agency for collection, compilation and dissemination of foreign trade data does not compile export data, statewise. The current system of data capture by the Customs the primary source of foreign trade data enables DGCI & S to generate data only at the country level. To facilitate the generation of statwise export statistics, the Customs authorities have been requested to appropriately amend the Daily Trade Returns format.

(c) and (d) Export promotion is a continuous process and steps are taken to boost exports in consultation with trade, industry and the State Governments. The export promotion measures do not discriminate between States on the basis of their export performance. Special schemes such as Export Promotion Industrial Parks have been introduced by the Central Government to improve infrastructure for export production in the States. The state Export Corporations have been recognised as export houses as a special case which confers additional advantages.
